

Personal Profile

Zohreh Khosravi

Professor of Clinical Psychology

Faculty of Education and Psychology

Al-Zahra University-Dehe Vanak-Tehran-Iran

E-mail: zohreh_khosravi@yahoo.com, z.khosravi@alzahra.ac.ir

Tel: + 98 21 88044051

Education

1980-1984: B. A. in Psychology; Allameh Tabatabaiee University, Tehran, Iran.

1986-1989: M. A. in Psychology; University of Tarbiat Modarress, Tehran, Iran.

1989-1993: Ph. D in Psychology; University of New South Wales, Sydney, Australia.

Khosravi, z. (1993). The role of cognitive bias in encoding and recalling information by depressed and happy children. PhD thesis. University of New South Wales, Sydney, Australia.

Research Areas and Interests

Culture and psychopathology

Religion and psychotherapy

Psychological aspects of women studies

I had been in charge of Psychology Clinic of Alzahra University for 3 years. In addition, I had been Dean of Research Center of Women Studies of Alzahra University for 4 years.

Courses that I have taught

Psychopathology

Child Clinical Psychology

Gender and Psychology

Research Methodology

Publications

Some Articles

I have published a number of articles, most of them in Persian. Some of my works are as follows:

- **Khosravi, Z.** (1997). The role of negative self-schema in the formation and duration of childhood and adolescence depression, *Journal of Humanities of Alzahra University*, 7(21), 1-16.
- **Khosravi, Z.** (1997). The study and comparison of attributional styles of anxious and normal students of Tehran, *Journal of Humanities of Alzahra University*, 7(22), 25-42.
- **Khosravi, Z.** (1997). The role of pathological and normal grief in the prevalence of mental disorders among adolescents, *Journal of Andeesheh va Raftar* (A Journal of Psychiatry & Clinical Psychology in Iran), 3(1), 32-40.
- **Khosravi, Z.** (1998). The role of mood states on self-appraisal of problem-solving ability in female students, *Journal of Andeesheh va Raftar* (A Journal of Psychiatry & Clinical Psychology in Iran), 4(1), 35-46.
